

Out with the old...

In with the new!

How would you like to save up to 30% on your energy bills?

CONSERVE ENERGY

SAVE MONEY

PRECISE COMFORT CONTROL

If High Energy Bills are Affecting your Home or Business...smartSTAT™ is the answer!

smartSTAT™ uses finger activated technology to prevent unauthorized access.

Take control of the heating and cooling system in your home or business.

Simply select your authorized users and enroll them into smartSTAT™.

Precise comfort control

of your home or office! smartSTAT™ is designed to work with virtually all residential and commercial heating and cooling systems.

Prevent unwanted tampering at home or in the office. Our smartSTAT™ programmable thermostat uses state of the art biometric technology to help you efficiently manage the temperature and your energy bills!

Finger activated technology puts you in control, saving you hundreds on your energy bills! "Replacing existing equipment with Energy Star Qualified products can cut annual energy bills by more than \$500" - Alliance to Save Energy

No pins or codes to remember, your finger does the talking! smartSTAT™ can store up to 9 users that you can enroll or delete in seconds.

Features:

- Simple menu driven prompts
- Stores up to 9 users
- Two modes
 - Secure** - Restricts access to enrolled users only
 - Open** - Everyone is granted full access to all the control features.

*"smartSTAT™ offers a simple, cost efficient solution to **conserve energy** and **save money** in my business. Thank you smartTOUCH™"*

- Peter O'Neill - Denver, CO

Saving the earth and Saving you money

Energy Star Approved Efficiency
- Reduces energy bills up to 33%.
